In the matter of having a conscience, it is always well to have just enough conscience and not too much. Here. for instance, is Mr. Coxe, of Luzerne, a member of the Pennsylvania Legislature, who will not swear that he did not use money to seeure his election, but who did not have so much conscience that he would not use the money. This is the kind of a conscience which should be cultivated by all citizens who want to be members of the Legislature in this world and of the "choir invisible" in the next world,—

ARNUAL REPORTS.

> Men's Christian Association of Decatur, Ill DEAR BRETHREN: The second year of my engagement with you as general secretary of the association has just closed. In reviewing its experiences we find much

our Heavenly Father. Joy and beace and victories have been so wisely interwoven with sadness and unrest and defeat as to keep humble and hopefut those most active in our work. The work of the past year has not been

all that we desired that it should be, but we believe it has been such as has proven to the community that we, as an organization, have a right to live. Our objects and methods of work are becoming more fully understood and better appreciated by our citizens, many of whom have given substantial evidence of their faith and confidence in the association by liberally contributing towards its support. The following is a summary of the re-

corded work of the association during the past year: Number of dails prayer meetings held ... "gospel meetings... "jail meetings... "young men's meetings... "young men's meetings... "Bible study... "Working Haud meetings... "railroad meetings... "railroad meetings...
